CUDA

WHAT'S HOT: Telescoping Nets

THE BUZZ: Cuda's new line of nets includes a dip net and three telescoping coated-mesh nets in small, medium and large sizes. The bait net features an aluminum shaft with a stainless-steel frame and a 5½-inch-deep mesh bag; it measures 29 inches long. All four models feature corded nonslip grips and a replaceable net system. Unzip the water-resistant zipper to change the mesh. The small, medium and large nets are made of aluminum and range from 4¾ feet to a fully extended length of 7¾ feet, with varying net depths.

MSRP: \$29.99 to \$99.99

AVAILABLE: August
